1.4 – Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	Nil
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained
<p>The feedback carries overall accomplished records and, at some point we find average records. The fourth feedback that is (Alumni) is overall excellent, but at some points like the fifth one (Have you participated in any Alumni meet as of now?) we had thin response. Further for the eighth question (Are you a member of the Alumni Association of the institute?) we got an adequate response. So, we find the feedback of these two points as satisfactory. This feedback reports overall excellence in the record. In the first feedback response of (Students), we had overall exceptional records. In the second feedback of Teachers, we had invigorating scores. In the third feedback (Parents) we had overall distinguished results but, at some point number eight (Canteen facility) we find good remark and satisfactory answers. So, this feedback presents a good analysis and is assuring to all segments of the academic enterprise.</p>

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Faculty at Durga College believes in the holistic development of the students. So they keep on mentoring students at every level. The institution has the system of Remedial classes where the doubts of students are cleared. The college has various Internal committees like Women's Grievance Cell, Redressal cell, Social Responsibility cell, and others. These committees work at different levels to help the students and at the same time motivate them to raise their spirits and confidence level. At the postgraduate level, the institution has a Mentor: Mentee system where the students are divided into groups as per the total number of students and a mentor is assigned to them. The faculty takes care of slow learners. They are given extra attention so that they do not lag behind. They are provided with study material and also helped in preparing notes by their Mentors. The institution organizes the different programs for students like motivational lectures from experts in diverse fields. Guest speakers are invited to guide the students and motivate them. There are programs like Quiz and Memory game to chisel student's wit. Thus students are mentored at each level so that they become good human beings and are successful in life. The institution has NCC and NSS units. The in-charge professor of these units guides students at every step and various camps are organized for them to make them disciplined and inculcate the quality of adjustment in them. The faculty members make students comfortable so that they do not hesitate to approach them with their queries. This gives an altogether different environment in the institution and the 'Guru-Shishya Parampara' become the greatest asset to the college. It is this relationship and monitoring and mentoring of the students that make Durga College one of the most popular and leading institutions in Chhattisgarh.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Durga college has developed a system of Model examination. It is conducted prior to the main exam after the course is completed. It aims to prepare the students for their final examination. It enables them to get good marks. At the postgraduate level, internal tests are conducted. And so marks from these are added to their final marks. After this when results are declared the faculty members make sure to tell the students their errors and inadequacies to check repetition. If these students are very weak, the faculty members take class tests to see their progress. The faculty members take care of evaluating the performance of students at regular intervals by giving them questions after the completion of a topic or unit. Notes are also given to them so that they go through them thoroughly and then they take a surprise test. This is to make them more confident during the final examination and remove their apprehension and anxiety. The faculty members make a point to evaluate the test papers and this paper is shown to them so that they better their performance in the final examination. The institution lays emphasis on Continuous Internal Evaluation (CIE) of the students and the faculty members take it Seriously and after every test, the results are displayed in the notice board of the respective department. The faculty members show the test copies to the students and tell them about their errors and also guide them as to how they should prepare for their final examination. Thus the regular evaluation of the students is done to prepare them for the final examination.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

Our college organizes various significant programmes every year. Some of those are - Blood Donation Programme and Plantation Programme, etc, which are important in itself, on a grand level. In 2018 Blood Donation Programme was set up on 07.12.2018, in which the students as well as the teachers showed their fervour in participating and feeling proud to be the part of it, because it is the best service in terms of saving life. Our college calls for different groups to this respective purpose like Red Cross Society, City Blood Bank, etc. Last year it was City Blood Bank that gave our college the opportunity to serve the nation and humanity as well. Second practice is Plantation Programme which is organized almost every year. Last year it was arranged on 7th December 2018 which came to an end successfully. Here also the students as well as teachers took part enthusiastically. The growth of the trees can be seen distinctly as the trees are taken care of properly. This practice is done as trees play important role in prohibiting pollution, giving vital oxygen and clearing atmosphere.

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

8.Future Plans of Actions for Next Academic Year

1. The Institution aims to make its learning more enriching as "Learning has infinite expanse". To view the participation of the Takers, the college rigorously monitors its services-directly and indirectly. With intent to add further 'Sacred Feel' to teacher-student class in and out bond Parent-Teacher Meet would be made a frequent and religious practice. 2. Academic Audit is second on the To-do list. By emphasizing its significance, the respective bodies would see the process of audit for the on-going session classes. Thereafter Academic Audit would be a regular and continual process. 3. To initiate the digital publication of IQAC Newsletter. 4. To make Remedial classes more effective the college plans to receive the volunteer efforts of Alumni and Retiree-Teachers. 5. To enrich the college website by exclusive corners for competitive examination study materials like NET, SET PhD, PSC and UPSC. As the larger section of our college students are from rural areas with less than satisfactory financial strength, it becomes all the more imperative that such classes reach out to all aspirants. 6. To spread the vigor of purposiveness to adapt and perform in concurrence with all programmes of MHRD and other respective bodies within the territory of learning, community service and industrial-internship as well as environment protection efforts. 7. To promote with gusto collaborative and Participatory Community Research for local and National betterment. 8. To extensively hold programs and one-day workshops for the propagation of Research-Ethics to keep a check on plagiarism.
