## 1.1.1.: Documents of Mentor Mentee:

Department of English

Mentor-Mentee System

### 1.PREAMBLE:

The purposes of the **Mentor-Mentee System** is provides guidance to the Postgraduate students on academic matters and help foster a close and constructive professional relationship between students and the staff of the Faculty.

### 2.PROCEDURE:

- The mentors are appointed for batch of students (depending on a number of students who took admission to English), and they counsel the respective students and try to solve the problems during their course of study. Students are encouraged to contact their mentor for any academic or non-academic support.
- This is a continuous process till the end of academic year. During the IV Semester 2018-19, the students were advised for higher studies along with proper career guidance. This has resulted in the senior students guiding their juniors for their prospective vocation.
- One of the best feature of the Mentor-Mentee relationship in the Department of English is that although the Mentors have their allotted Mentees, yet they never shy away from discussing and solving problems of other Mentees if they are approached.

### 3.RESPONSIBILITIES:

- The mentors of the Department continuously monitor, counsel, guide and motivate the students in all academic matters.
- Contact parents/guardians/spouses if situation demands - academic irregularities, negative behavioural changes and interpersonal relations etc.
- Advise students in their career development/professional guidance.
- Keep contact with the students even after their graduation.
- Intimate HOD and suggest if any administrative action is called for.
